Sir,

In reply to Government Proceedings No 757-8/Ex. 7 1-97, dated 30th June 1903, I have the honor to forward herewith Copies of letter No C. 93, dated 9th July 1903, and its enclosure, from the Deputy Commissioner, Kolar District. It is apparent from them that the temporary party was more a patrol party than purely a detective one. Cases of illicit distillation and smuggling detected, have been larger in number last year than in the previous year; and

Sir,

Adverting to your do-cket no: 1899/194, dated 27th/30th ultimo, requesting to be furnished with a statement showing the number of Cases detected with the help of the temporary "detective staff" at Bowringpet, I have the honour to submit herewith extract from the diary of the Excise Asst. Commissioner, Kolar District, for the week ending 4th July 1903

2 In Concurring with the opinion of the Assistant Commissioner, I beg to state that, when the original recommendation was ma

it was not for purely "Detective Staff" but for a "Patrol party". It was entertained from 17th January 1903 ie after the arrival of Ramiah, Assistant Inspector, from Tumkur but the staff was prevented from working in an organised manner, owing to his illness and subsequent death, and to the unavoidable delay in making satisfactory arrangements for the efficient working of the "Patrol party" till the end of May 1903, so that the staff has actually been in full working order only since 1st of June 1903, namely for <u>one month</u>, and I think, it is premature to expect Cases to be detected in such a short period as this. —

3. I further beg to state that though no Cases have been detected by the patrol party, its presence on the frontiers has had a preventive effect which is as of much importance as detection, and this appears to be

testified

testified to by the unusually large increase in the Consumption of Arrack

But for the above reason I would recommend the retention of the Police Patrol for at least a year more.

about 15,441 gallons.

4. I therefore under these circumstances beg to recommend the retention of the Police Patrol party for at least a year more.

I have &c —

Extract from the diary of the Excise Assistant Commissioner, Kolar District for the week ending Saturday 4th July 1903

I would beg to note here that, owing to the illness and subsequent death of Assistant Inspector Ramia, who was appointed to be in Charge, and to the delay that unavoidably occurred on account of the sales, in transferring Assistant Inspector Sunderarow from Goribeenoor to Betamangala, the patrol party has, by no means, had a fair trial, except during the month of June, and that although no Cases were detected, they were just getting into full swing, and there can be little doubt that their presence on the frontier, Coupled with the deterrent effect of the exemplary punishments awarded by the Gold Fields Magistrate, during the past 18 months, in the several important Cases of illicit - distillation and smuggling, which were

detected

detected by Mr Kozario and his staff, has exercised a whole-some check over would-be offenders and thus, by suppressing the importation of Contraband liquor, has, in no small degree, Contributed towards the unprecedented increase in Arrack Consumption of 15441 gallons, during the past year.

I would therefore submit, that, Considering that the patrol party Costs only the Comparatively small sum of Rs 1068/— per annum, it appears very undesirable that it should be abolished especially just now, when changes in the Executive staff of the Bowringpet Range have been ordered.

I therefore trust that the Excise Commissioner will see his way to move Government to sanction the retention of the patrol party for a further period of at least a year.
